Therapy*

FOR IMMEDIATE RELEASE

**Peak Performance Physical Therapy Now Offering Occupational Therapy Services in
Lansing**

Lansing, MI — May 22, 2025 — Peak Performance Physical Therapy is pleased to announce the launch of **Occupational Therapy (OT)** services, expanding the clinic's ability to support patients in recovering function and independence in daily life.

Occupational Therapy focuses on helping individuals of all ages regain the skills they need to perform everyday tasks—whether at home, at work, or in the community. The addition of OT complements Peak Performance's existing physical therapy services and allows for a more comprehensive approach to rehabilitation.

"We're excited to offer Occupational Therapy as part of our commitment to treating the whole person," said Jill Marlan, Founder and CEO of Peak Performance Physical Therapy. "This service allows us to help patients overcome challenges that affect their day-to-day lives—not just physical pain."

Services Include:

- Post-Injury or Post-Surgical Rehab – Regain strength, movement, and independence.
- Workplace Ergonomics & Injury Prevention – Improve function and comfort at work.
- Neurological Rehabilitation – Support for conditions such as concussion, stroke, Parkinson's, and MS.
- Pediatric & Geriatric Therapy – Age-specific care for fine motor skills, sensory processing, and daily task support.
- Work Comp Rehabilitation – Functional recovery and safe return-to-work strategies following work-related injuries.

Appointments are now available, with flexible scheduling options and quick access to care.

Patients interested in Occupational Therapy can contact Peak Performance Physical Therapy at (517) 853-6800, for more information or to schedule an evaluation.

About Peak Performance Physical Therapy:

Peak Performance Physical Therapy has four locations across Mid-Michigan and is recognized for expert, hands-on orthopedic care. With the addition of Occupational Therapy in Lansing, the practice expands its mission to revolutionize the way rehabilitation is delivered.
